

NEW LAWN AND PLANT PERMITS

Call 621-5480 or email waterconservation@fresno.gov

Planting a new lawn and plants? The City of Fresno offers outdoor watering schedule exemptions to customers who have planted new lawns and plants not yet established on their properties. New Lawn Permits allows customers to water for up to 30 days from the date of authorization. Permit holders must follow the City of Fresno scheduled water times and may not water on Mondays. They also must abide by all other watering regulations set forth by Municipal Code 6-520.

Not qualifying for a New Lawn Permit

Over-seeding or re-seeding of an already established lawn, including “scalping” an established lawn, does not qualify for a New Lawn Permit.
